Newsletter December 2018

Namaste friends,

Just before the holidays we would like to look back with you on the past six months. A period in which we were busy with the preparations for the sponsor trip and visits to the schools. These led to a successful stay in Nepal. From 18 October to 8 November, we visited several villages and schools and were able to make more than 400 children happy with a scholarship.

Below you can read where we have all been. Furthermore, an overview of the daily affairs within H4oN. And ... a prudent preview of 2019.

Highlights, news and actions;

- This year more than 400 children received a scholarship (school materials);
- As a pilot we were able to help 4 disabled children, in addition to a scholarship, with wheelchairs and orthopedic materials;
- 3 schools have received a printer or a computer;
- We paid a visit the deaf school and the disabled; impressive moments!
- Plans for 2019;

More background information? Then visit Facebook or visit our website: www.hart4onderwijsnepal.nl

Ramkot Shree Shital Dadha basic school

Last year, Hero Interim Professionals held a fund-raising campaign with a great result. Within that

framework, the very successful charity dinner with auction took place in Amsterdam in early June. The fund raising campaign 2018

was completed with a sponsor trip to Nepal. For this the management traveled to Nepal together with a

few staff members and business partners to actually make the difference on the spot for 100 children in Ramkot. In addition

to experiencing the culture and nature, it was

mainly about actually handing over the scholarships and school supplies. Also for the coming year we already know that through the

generous sponsoring of Hero a scholarship can be made possible for many children.

Higher Secondary School for deaf children

Robert Kroone we know of the special actions, for example; the 'Bike to work day', the collection activities with 'the Happy Cargo Bike', etc. The fantastic result made it possible for him and

his friends to deliver a scholarship to a large number of children (72) on the Sirjana R. Higher Secondary School for deaf children. In addition, thanks to Reed Business Information, we were also able to carry out a pilot to help 4 handicapped children with both a scholarship and wheelchairs and orthopedic materials. This pilot was a great success and in 2019 we can now let a larger number of handicapped children go to school!

Project Listikot

The 'Doopsgezinde Gemeente' in Aalsmeer had already devoted part of the Advent Collection campaign to the Sadbhaw Scholarship Project in 2017. This resulted in 2018 in a very nice contribution

which has been 'doubled' by the municipality of Aalsmeer.

In addition to this warm contribution, a good number of donations have also been taken care of by other sponsors. This enabled us to bring 142 scholarships to Listikot this autumn. A spectacular number!

The Listikot project comprises a total of six schools in the most inhospitable area of Sindhupalchok. The village lies in the heavily affected area of the earthquake in 2015. Most of the schools have to

be rebuilt and for the students there is a lot of little. They usually live at a great distance from school. With the help of our donors, we can now also realize something special for them in the longer term. uit te delen.

Dhading Primary School

The fantastic donations from generous (private) sponsors made it possible for us to go to the village of Dhading. A place where we were the first foreigners for the local population.

We have been able to help over 100 children. For most of them it was the first time in their lives that

they were given a complete clothing set and shoes. The school materials make it possible for them to actually go to school. A long cherished wish of themselves and their families. Sponsors from Aalsmeer also helped out in this project. That is why 'Master Mark' has represented a group of school children from

Aalsmeer. Children from his class had given him a 'greeting from the Netherlands' to hand out.

Plans for 2019...

Although we are still working on 2018, we have already ideas about the possible projects of 2019. That not everything has been finalised into real plans is for sure... but still we have a few specific actions planned.

During our visit to Listikot, we discovered that it would be better if the group of children in their last year of school were able to receive a scholarship in the spring. The school year starts in May. That is why we are going to Listikot in early May. In the autumn Dhading and the handicapped children of Mulpani are on the program anyway. We have commitments from generous sponsors, so that we can now help a substantial number of children there. You can find more information about this in the spring newsletter.

New board member H4oN

Last year we welcomed three new board members. This autumn Aart van Asperen joined H4oN as a member of the board.

Getting acquainted

Aart van Asperen; filmmaker of films which do tell a story.

"Nepal is the most beautiful country I have ever been to. I immediately felt at home.

Nepal and the Nepalese have given me a lot, I want to do something back. Not in a large organization, but on an individual scale. Education is the key to individual development "

Finally 2018 ... welcome 2019!

It is heart-warming how you, our sponsors and donors, contributed in different ways in the past year to actually make a difference for all children. A difference between 'no chance' and 'a bit of a chance' for a better future.

Thanks to all your help, we have grown as a foundation. As it stands now, 500 scholarships is a nice and achievable goal for 2019. A goal that can be realized in Nepal in a practical and logistical way. We hope to be able to count on your help again next year, because only with each other can!

Happy holidays and a warm 'Namaste' from us as board H4oN !!
